Summer 2B -  
Striking &  
Fielding

WALT:  

- Develop an initial understanding of the rules for Danish Longball.
- Practice the evasion techniques needed to avoid the ball and get back to the base to win points.

WILF:  

- Understand the most basic of rules, for example, kick the ball and run, avoiding the fielder who has the ball.
- Use side steps & changes of speed to avoid the ball and get back to base.

WALT:  

- Develop an initial understanding of the rules for Cricket.
- Practice bowling overarm, using the rocking star technique.

WILF:  

- Understand the most basic of rules, for example, bowl at the stumps, hit the ball into a space, and run to score runs.
- Use the rocking star, keeping the ball arm high and brush the arm against the ear.

WALT:  

- Develop an initial understanding of the rules for Rounders.
- Practice running between the bases before the fielders move the ball to bases.

WILF:  

- Understand the most basics of rules, for example, try to stump the ball on a base before the batter gets there, run as quick as possible between the bases to try get home and win rounders points.
- Run quickly between the bases, but don't run if the ball is hit close to the next base and there's no need to run.

WALT:  
 Progress the understanding of the rules, and try to use that understanding to improve success in the game.  
 Practice the kicking technique of the ball, aiming to put the ball in space & increase the running time before a fielder retrieves the ball.

WILF:  

- Attempt to kick the ball high, low, far and short depending on where the space is.&nbsp;

WALT:  

- Progress knowledge of the rules for cricket to increase chance of success.
- Practice batting, focusing on hitting accurately over distance.

WILF:  
 Attempt to hit the ball with the flat side of the bat, in a forward direction, not worrying about speed or distance.

WALT:  
 Expand on the rounders knowledge previously learnt. Practice fielding, throwing the ball from base to base to try stump the batting team out.

WILF:  
 Use the rules to improve chance of winning, for example, look to hit the ball in the opposite direction to 1st & 2nd base.  
 As a fielder, throw the ball directly to a teammate stood on a base to reduce the ball in air time, increasing the chance of stumping it before the batter can get there.
