

Barwic Parade Geography Overview 2023

Year 1/2

Year A 1/2	Week	Autumn – Local	Spring UK	Summer World
	1	Map work – 4 compass points (techniques)	Map work – UK countries, capitals and seas (techniques/ location)	Map work – continents of the world
	2	Map work – local: Abbots Road & directional language (techniques/location)	4 countries of the UK – human and physical features	Map work – oceans of the world
	3	Map work – Local: Selby & directional language (techniques/location)	London – location and place knowledge	Australia – physical and human features
	4	Selby – human and physical features	London – aerial photos of human and physical features	Australia – place knowledge, what is it like to live there?
	5	Selby – place knowledge: what is it like to live there? (transport, things to do)	London – communicating geographically, showcasing knowledge.	Australia –Place knowledge zoomed in. Diversity, weather.
	6	Selby: communicating geographically. All about Selby		Comparison of UK and Australia.
Globetrotters week				

Year B 1/2	Week	Autumn – Local: Yorkshire	Spring Non-Europe	Summer Fieldwork
	1	Map work – UK countries, capitals and locating Yorkshire.	Map work – 4 compass points and directional language	UK weather and seasons
	2	Map work – Coast of Yorkshire, finding Scarborough and familiar names	America: location	Map work – devise a simple map (classroom)
	3	Scarborough – human and physical features	America: human and physical features	Map work – devise a simple map (classroom)
	4	Scarborough – place knowledge – things to do there.	America: place knowledge. What is it like to live there?	Fieldwork – observational skills / surrounding environment
	5	Compare and contrast: how is Scarborough different to Selby?	Comparison of America (Florida) to Scarborough	Applying fieldwork: creating your own town
	6	Scarborough: communicating geographically. All about Scarborough.		Applying fieldwork: creating your own town
Globetrotters week				

Year 3/4

Year A 3/4	Week	Autumn Fieldwork	Spring Mountains	Summer
	1	Map work – sketch mapping (school) (techniques)	Map work – mountains: location and topographical maps (techniques/locations)	Map work – hemispheres, equator, longitude and latitude (location/techniques)
	2	Map work – sketch mapping (school) (techniques)	Mountains - formation (physical)	Map work – hemispheres, equator, longitude and latitude (location/techniques)
	3	UK study: settlements – village	Mountains – Case study of Mount Everest (location/physical/human)	Biomes – overview of all biomes (location)
	4	UK study: settlements - town	Mountains – case study of Mount Snowdon (location/physical/human)	Biomes – ice biome (location/physical/human)
	5	UK study: settlements - city	Compare and contrast 2 mountains – physical features and human impact	Biomes – desert (location/physical/human)
	6	UK study: comparison of settlements		Comparison of two biomes: ice and desert
Globetrotters week				

Year B 3/4	Week	Autumn Volcanoes & earthquakes	Spring Trade	Summer
	1	Map work – countries of the world (techniques)	Map work – cities of the world (techniques)	Map work – 8 compass points (techniques)
	2	Earthquakes (location and physical)	Trade – what is trade? (human)	Map work – 4 figure grid references (techniques)
	3	Earthquakes (human impact – what is it like to live in places where they happen?)	Trade – UK Import/exports (human)	Transport – within towns and cities
	4	Volcanoes (location and physical)	Trade- fair trade (human)	Transport – across the UK
	5	Volcanoes (human impact – what is it like living near one?)	communicating geographically - trade	Transport – International / tourism
	6	Communicate geographically – volcanoes and earthquakes		communicating geographically - transport
Globetrotters week				

Year 5/6

Year A 5/6	Week	Autumn Rivers	Spring Europe	Summer North America
	1	Map work – locate the rivers of the world / UK rivers	Map work – countries of Europe	Map work – 6 figure grid references
	2	Rivers – features of a river	Norway - locational knowledge & climate	Map work – North America (countries, rivers, capital cities/ some of the states and mountains)
	3	Rivers – Uses of a river	Norway - human and physical features	USA – location, population, climate.
	4	Rivers – Case study	Norway - economics	USA – physical features
	5	Water Cycle	Comparison on Norway to the UK	USA– Trade / economy, what it is like there.
	6	Communicate geographically: present knowledge about rivers		Communicate geographically: Comparison of USA to UK
	Globetrotters week			

Year B 5/6	Week	Autumn UK	Spring Europe	Summer South America
	1	Map work – ordnance maps	Map work – countries of Europe	Map work – South America (countries, rivers, capital cities and mountains)
	2	Map work – counties of the UK	Spain – locational knowledge & climate	Brazil – location, population, climate
	3	UK – land use patterns	Spain - human and physical features	Brazil – physical features (rainforest)
	4	UK – natural resources	Spain – economics	Brazil – Trade / economy, what it is like there.
	5	UK – energy: renewable and non-renewable sources in the UK.	Comparison of Spain to the UK	Comparison of Brazil to Spain.
	6	Communicate geographically: Bring together knowledge about the UK		Communicate geographically: UK, Spain, Brazil.
